A Penny for your Thoughts

In conjunction with today's Society picture page of the Junior Auxiliary of the Little Company of Mary Hospital, the Pennies Photographer asked volunteers, "Why are you in this program and what satisfaction or rewards do you obtain?"

Pat Montminy, Redondo Beach:

"I am in the volunteer program because I plan to become a nurse and feel it will be of great value to me in my future training. Also, I enjoy working with people and like the feeling of helping others."

Pamela Free, Redondo Beach:

"This program helped me decide if I wanted to become a nurse. Because of the duties involved, it gives us a clear picture of nursing, and largely because of the program, I have decided to become a nurse."

Jayne Unzelman, Palos Verdes:

"Helping people is the main satisfaction for me. I like people and enjoy working with them, and I know the program will be of assistance to me in whatever I decide to do, even if it is not concerned with nursing."

Sharon Peterson, Palos Verdes Estates:

"Through the program I've learned a lot about people. My main satisfaction is working with the personalities involved. I joined because many of my friends belong to it and encouraged me to volunteer."

Carole Brown, 307 Via Monte D'Oro:

"Although I planned to go into nursing before I joined the volunteers, I am now thoroughly convinced as to my choice. It is a wonderful opportunity for all girls simply on the basis of the knowledge of first aid that is gained."

Five Groups, 100 Persons Named in Suit

Arguments on a public nuisance suit filed by the city will be heard in Judge Kenneth Chantry's court Tuesday morning. The suit was filed Thursday morning by City Prosecutor Charles F. Catterlin. Identical suits were filed by Don Wilson and representatives of the Southwood Riviera Homeowners Assn. The suits asked for an injunction to limit the number of pickets in the tract.

Big CORE Show Gets Slow Start

CORE's "biggest ever" demonstration at the Southwood Riviera tract, promised for noon yesterday apparently fell far short of its mark. At 2 p.m. less than 50 pickets were marching in front of the model homes, and three sit-ins had taken up positions in front of the Wilson sales office.

The demonstrators had difficulty displaying enthusiasm for the march, and even the usual large crowds of on-lookers were absent from the tract.

LESS THAN a mile away, at the carnival and rodeo grounds in the Del Amo Center, a large crowd had assembled to watch the annual RCA Rodeo.

Police reported the neighborhood quiet, and no arrests had been made at 2 p.m.

The Congress of Racial Equality had promised the largest demonstration in the year-long picketing of the tract following a decision late Wednesday upholding the emergency ordinance adopted last month by the City Council.

A LARGE contingent of the Torrance Police Department remained on duty in the area, and only authorized cars and residents were permitted to drive into the tract.

Actress Rita Moreno, who had said she would march this weekend, had not appeared. CORE had asked Miss Moreno earlier to use her time to organize in the Hollywood area for Thursday's planned march on the Los Angeles Board of Education.

Bank Boosts Torrance Man To New Post

Gabe Arrillaga of Torrance has been elected assistant cashier of Union Bank, President Harry J. Volk has announced.

Arrillaga is with the bank's Southern California financial institutions department, located in the new 22-story Union Bank Center building at Wilshire Boulevard and Western Avenue. He joined the bank two years ago, and served in the accounts receivable loan department until his appointment last November as new business solicitor in the financial institutions department.

A Long Beach native, he was student body president at Inglewood High School and was graduated from the University of California (Berkeley). He is an associate member of the American Savings and Loan League, and an honorary member of the Inglewood Rotary Club.

After the suits were filed, Judge Chantry hinted he may visit Torrance over the weekend to see what is going on for himself. When an attorney for the Southwood Riviera Homeowners Assn. volunteered to escort him, the jurist said he felt it would be wiser for him to make the trip himself.

Judge Chantry did not say when he would come to the city. THE SUIT, which was ordered filed by the City Council after a short executive session Tuesday evening came on the heels of a decision by Judge Chantry unholding the controversial emergency ordinance adopted last month. Judge Chantry, in delivering his opinion, said "A man's home is his castle."

The city's suit named the Congress of Racial Equality, the National Association for the Advancement of Colored People, the United Civil Rights Committee, the Committee Against Intergation and Intermarriage, and actors Marlon Brando, Pernel Roberts, and Rita Morino. About 100 other individuals who have taken part in the picketing were also named. Also named was the American Nazi Party.

CATTERLIN also submitted several affidavits describing the harassment the homeowners in the tract have suffered during the last year. The suit asked that pickets be limited to five at any one time. It also asked that the pickets be restricted to the public sidewalks in front of model homes, and they be spaced at least 30 feet apart. Catterlin also requested that picketing be permitted only between 7 a.m. and 7 p.m. Five more demonstrators were arrested Thursday evening on charges of trespassing, and several persons arraigned Friday on similar charges took up their picketing stations after their court appearances. No arrests were reported Friday.

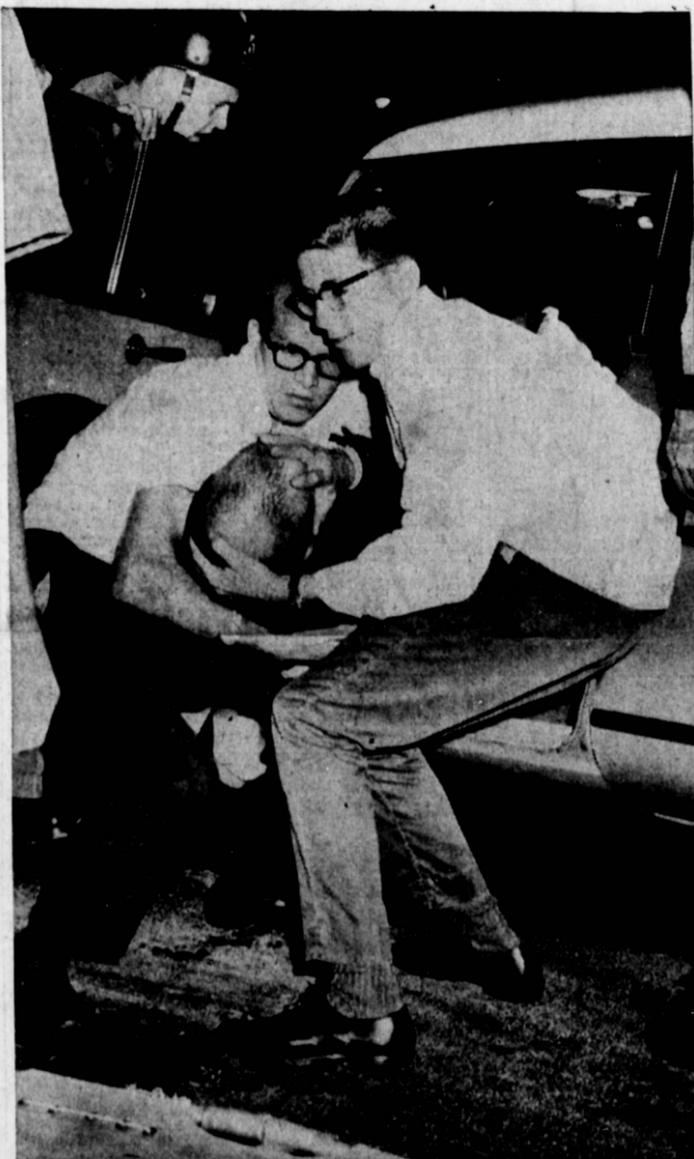

The final performance of the Torrance-Rodeo Cowboys Assn. rodeo will take place this afternoon at 2:30 in the arena at Madrona Avenue and Sepulveda. The rodeo will climax this city's annual Ranchero Days celebration.

The rodeo is sponsored by the Torrance Mounted Police. Admission is \$1.50 for adults and 75 cents for children. Tickets are available at the gates, and ample parking is available.

Final Rodeo Slated Today

The carnival rides and midway booths, manned by local service and civic groups will be open until midnight. All proceeds from the booths will be used by the groups for their work throughout the city.

Trial Dates Set for 69 Pickets; New Judge Due

Sixty-nine persons arrested on charges of trespassing last weekend at the Southwood Riviera tract were arraigned Friday morning in South Bay Municipal Court. All 69 pleaded not guilty to the charges and asked for jury trials.

Judge William B. Keene ordered the cases consolidated into three groups for trial over objections of A. L. Wirin and set trial dates of Aug. 13, Aug. 19, and Aug. 26. Wirin said he preferred the cases tried one at a time.

Five of the defendants were also charged with contributing to the delinquency of a minor. All five were said to have incited youthful pickets to commit a misdemeanor resulting in their arrest for trespassing. Twenty-three cases will go to trial in Division 3 on Aug. 13, and 24 more are scheduled for trial Aug. 19. Another 21 are to make their next court appearance on Aug. 26.

Another group of demon-

dolph Moore told the court Cravens must report for six months active duty with army on Aug. 14. Judge Keene set trial for Cravens for March 9, 1964.

Ball on all 69 defendants was continued at \$282.50 each. Following the arraignments, defense attorneys Lawrence Booth and Moore, joined by A. L. Wirin of the American Civil Liberties Union, filed an application charging Judge Keene with a prejudicial attitude and asked that he be disqualified from the case. Judge Keene took the application and said he would take no further part in the proceedings.

DURING a press conference after their court appearance, the three attorneys charged that the defendants "cannot get a fair trial in Torrance." Wirin said statements made by Mayor Albert Isen had "poisoned the community's opinion against CORE and the defendants." He added that they "will use every means to have the trial removed from Torrance."

The group said it would file a formal motion for a change of venue (jurisdiction) in court Monday afternoon.

Both Booth and Moore emphasized during the press conference that they were representing the 69 individuals, and not the Congress of Racial Equality.

COMMENTING on the charges that they could not get a fair trial in Torrance, city prosecutor Charles F. Catterlin said he had "no doubt that they can get a fair trial here."

During the press conference outside the court building, the three attorneys were engaged in a hot exchange with James F. Salanci, who identified himself as the executive director of the American Association for Equal and Constitutional Rights for Americans. Salanci, who charged that CORE and the NAACP were "tools of Robert F. Kennedy," said his organization would file a friend of the court brief on behalf of the city. Another group of demon-

Tools, Money, Material Go To Intruders

Burglars kept a busy schedule throughout the city during the past week, carting off a range of items including money, water distribution equipment, and tools. Mrs. Harry Oaks of 1850 Middlebrook Road told police Friday that someone had taken \$99 from a wallet which was in her home. She said she was absent from the house only about 20 minutes Friday morning at which time she was working in the yard. Also taken were credit cards, her driver's license, and other papers.

ORVILLE L. COOPER, 2131 W. 169th St., reported the theft of a battery charger, drill motor, and electric soldering gun from his garage Friday.

Theft of more than two tons of material from a building project at 3635 Artesia Blvd. was reported by Henry F. Rogers for Cal-Tex. Rogers told police that thieves had apparently trucked away 125 five-gallon cans of drywall compound, perforated tape, and an applicator valued at nearly \$750. He estimated the weight of the loot at 7,000 pounds.

RANSACKING OF the Torrance Baptist Temple at 2077 W. 236th St., was reported Friday afternoon by the Rev. J. W. Morton. The pastor said he found the church doors open and discovered that the offices and other areas of the church had been searched thoroughly. A quick check of the premises indicated that nothing of value was taken, the minister said.

Charles D. Soard, 23529 Evelyn Ave., told police his house had been ransacked Friday afternoon. He said Mrs. Soard and the children were away from the house for a short time Friday afternoon and returned to find that someone had entered. No immediate losses were reported.

A NORTH Torrance housewife who left laundry on the clothesline overnight told police it was missing the next morning. Mrs. Tom Yamada said articles with a value of about \$50 were taken. Included in the theft were bed clothing, blouses, shirts, and other items. Margie Boyd, 5404 Carson St., said someone entered her house and took a wallet containing \$17 while she was working in the yard. The postman returned the wallet to her later, reporting that he had found it in a nearby mailbox. Only the money was missing, she said.

SEVERAL HUNDRED dollars worth of valves, water meters, and other equipment was reported missing at the Montea Water Co. in North Torrance. Officials estimated the loss at more than \$1,000. John Brown, 2301 W. 180th St., said someone entered his garage and took about \$45

worth of assorted ammunition. Howard Barber, 23309 Arlington Ave., complained that someone stripped the tachometer, gauges, breather, and instruments from his car and had tried to remove the transmission conversion kit. He said it was the second time in recent weeks that his car had been stripped.
